

AQUA·AID**Aqua·Carbon™****Alkalinity and
pH Treatment****GENERAL INFORMATION**

By pre-treating irrigation waters with **Aqua-Carbon**, carbonates and bicarbonates are converted to highly-soluble and organically-rich lignosulfonate salts, which stabilize soil pH and serve as a source of nutrition for soil microbes. **Aqua-Carbon** conditions soils by reducing alkalinity and lowering soil pH. **Aqua-Carbon** is easy to use and will not harm turf when used in accordance with product directions.

CONDITIONS OF SALE**WARRANTY AND LIMITATION OF LIABILITY**

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

AQUA-AID GUARANTEE

Aqua-Carbon comes with a 100% money back guarantee. If you are not satisfied with Aqua-Carbon for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.
